ELECTED OFFICIALS & DEPARTMENT HEADS

Carbon County Senior Services

Lisa Engstrom, Carbon County Senior Services Director discussed a grant that she is applying for through the Wyoming Department of Transportation for the construction of a parking lot on the north side of the Rawlins Senior Center. Currently some of her seniors who attend the Rawlins senior center must walk quite a distance due to minimal available parking. Upon request, Jim Piche, Building and Grounds Manager gave her an engineer's preliminary opinion of probable construction costs for the parking lot which is listed at \$283,000.00. The grant is an 80/20 grant, so she is asking the BOCC to pick up the 20%, or \$56,600, if she is awarded the grant.

Commissioner Espy moved to approve Senior Services to apply for a grant to expand the Rawlins Senior Center parking lot and match 20% of the expected cost from Chokecherry, Fund 113 contingent upon the final bid cost and contingent upon grant award. Buildings & Grounds

Buildings & Grounds Manager Jim Piche presented a quote for \$34,142.62 to replace two boilers at the Fairgrounds exhibit halls. While these are not budgeted for the purchase is at least 8-12 weeks out so he would like authorization to proceed with ordering now. He feels the labor can be done with his staff with oversight from a local semi-retired plumber.

Commissioner Espy moved to waive the procurement policy and allow Buildings & Grounds to order two boilers and additional parts along with a tool press kit totaling \$34,142.62 from Winnelson Casper for the fairgrounds exhibit halls. Commissioner Barkhurst seconded and the motion passed unanimously.

The portions of roadway related to this project more specifically include County Road 500 (23 Miles) and County Road 291 (13 Miles) for a total of 36 Miles also known as CMAQ project (2) CM22101.

Commissioner Espy moved to approve the Chairman's signature on the Agreement for Services with DustBusters Enterprises, Inc to supply, haul, and apply water and magnesium chloride to Ninety-One (91) miles of road in Carbon County, Wyoming, to complete CMAQ projects (1) and (2) in the amount not to exceed \$150,000.00. Commissioner Moore seconded and the motion passed unanimously.

Clerk Bartlett presented a Road Use Agreement with PacifiCorp for the Gateway South Transmission Line Project. According to Attorney Davis PacifiCorp had questions. The county typically requires a \$50,000 bond for each mile of roadway but there is hundreds of miles of road on this project, so they proposed a \$2 million bond or no bond at all as they are a strong company. They also questioned what "injury" to the road was and wanted that further clarified. Commissioner Espy said his main concern was the bridge they would cross at the Dad road and \$2 million would not cover replacement. The BOCC agreed that roads could be covered at the lesser bond but structures would require an additional consideration.

Clerk Bartlett presented board applications that she received for the vacant positions of the Jeffrey Center Board, Upper Platte River Solid Waste Disposal District, Memorial Hospital of Carbon County Board and the Carbon County Visitor's Council.

Commissioner Jones moved to appoint Dave Gier to the Jeffrey Center Board for a 5-year term ending November 2026, Stacey Finney to the Upper Platte River Solid Waste Disposal District for an unexpired 3-year term ending August 2024, Doretta Leake to the Memorial Hospital of Carbon County Board for an unexpired 5-year term ending June 2023 and Alex Gruenhagen on the Carbon

County Visitor's Council for an unexpired 3-year term ending June 2025. Commissioner Barkhurst seconded and the motion passed unanimously.

Clerk Bartlett presented a Contract for Services for asbestos abatement for approval and Chairman's signature.

Clerk Bartlett discussed Senate File 38 - Monthly Ad Valorem Tax Revisions. With the passage and signing of this file, counties now have access to \$19.726 million to cover the shortfall caused by the transition to monthly payment of mineral ad valorem taxes. Counties may extend these funds to special districts by loan and the State Treasurer's Office is responsible for overseeing these loans. We must notify the State Treasurer's Office by April 7, 2022, if we need additional time to decide or let them know whether we accept or reject the county's loan allocation, in whole or part by April 20. Carbon County has access to \$506,041.00. The BOCC would like to accept the entire county portion of the loan with the agreement with the Clerk and Treasurer this would be put in a special revenue fund and held for emergencies.
