The grants cover emergency area lighting for polling places, site radios for Memorial Hospital of Carbon County and the amendment for the existing GCF21 grant adds up to \$20,000 to the already approved \$20,000 for volunteer hour reimbursement and adding allowable training and travel expenses and extends that grant.

Commissioner Barkhurst moved to authorize the Chairman's signature on the Grant Between WY Office of Homeland Security and Carbon County, 18-SHSP-CAR-HCE18 in the amount of \$13,000 for emergency area lighting at polling places. Commissioner Jones seconded and the motion passed unanimously.

Matt presented an amended Installation and Integration Agreement with Capital Business Systems (CBS). Initially there was a third-party leasing company involved that was unwilling to make

Commissioner Barkhurst moved to waive the procurement policy to purchase \$82,429.26 for network switches and associated equipment from Advanced Network Management from the general fund noting the waiver is because the company already has an agreement in place with the county for maintenance and support. -s- John Johnson, Chairman

Attest: -s- Gwynn Bartlett, Clerk

Assessor

Renee Snider, County Assessor presented the 2022 Mill Levies for adoption. She mentioned issues obtaining budgets and levy requests from special districts.

Commissioner Espy moved to adopt the 2022 Mill Levies as presented by the County Assessor. Commissioner Moore seconded and the motion passed unanimously.

Road and Bridge

Kandis Fritz, Road and Bridge Coordinator, reported a water truck fell through a sink hole near Hanna on County Road 297. She reported there is abandoned mine lands work occurring and asked the BOCC if they would like to open the road and she stated the AML contractor's recommendation is to leave it closed until next year. Chairman Johnson reported the road was built for emergency ingress/egress to the Town of Hanna.

Commissioner Espy moved to close County Road 297 and install barriers except for emergency purposes as needed. Commissioner Jones seconded and the motion passed unanimously.

Ms. Fritz requested and received authorization to hire an engineering firm for the CR203, Brush Creek Road asphalt repair project. Repairs will be over \$75,000 and therefore must be engineered per the road fund policy.

Ms. Fritz has received a snow removal permit application for CR798, Holroyd Road noting this is a seasonal road near Encampment. She stated a road use agreement would be necessary if the permit is approved.

Commissioner Jones drove the road and said during a normal winter there is a lot of snow. She suggested leaving this as a seasonal road. Commissioner Espy wholeheartedly agreed. Sarah Brugger noted she currently has an applicant for this landowner requesting the road permit. The BOCC denied the request for a snow removal permit.

William Kaewert representing IAN Resources LLC reported the purpose of this is to enable residents to live year-round on this property and recognizes the challenges. The intent is not to leave the road open all the time but rather open it periodically and be as self-sustaining as possible. He hoped to work on building through the winter and noted his contractor formally worked for the Colorado Department of Transportation. He also noted that Brush Creek had signed a waiver and has a similar permit. Commissioner Jones clarified that road is very different terrain and again expressed concerns for the issues this could create.

Mr. Kaewert said a denial would change his investment in Carbon County and suggested a chain could be installed and he would be happy to bear the cost of any security necessary. Chairman Johnson clarified if the snow removal would be in perpetuity or just during construction. Mr. Kaewert replied they would plow periodically through the winter for access to the property once a residence is built. He added that he would be open to a few times during a season the road could be open.

Ms. Fritz thought Big Creek Ranch, the other landowner on the road should be consulted as well and the BOCC asked Ms. Fritz to see if the landowner would be willing to attend a future meeting. Commissioner Barkhurst thought a bonded road use agreement may be a solution, requiring the landowner to repair any damages and require them to keep it open on their own.

Attorney

Ashley Mayfield Davis, County Attorney presented an agreement for grant funding for the Juvenile Services Board.

Commissioner Barkhurst moved to authorize the Chairman's signature on the Contract Between Wyoming Department of Family Services and Carbon County Board of County Commissioners in the amount of up to \$50,000 plus a \$7,500 in-kind match going through June 30, 2024, to fund the Community Juvenile Services Board. Commissioner Moore seconded and the motion passed unanimously.

Clerk

Gwynn Bartlett, County Clerk reported the next BOCC meeting will be held August 23 at the Baggs Higher Education Center. This was moved from August 16 due to the Primary Election. She reported as of early last Friday 876 absentee ballots were sent with 376 returned. Voters have until the day before Election Day to request ballots and until 7 p.m. on Election Day to return those ballots to the Clerk's Office.

Ms. Bartlett reported she received back the bids for county property. Commissioner Espy abstained from any conversation due to a relative bidding on the property. The BOCC will review and determine the awards later in the meeting.

Ms. Bartlett reminded the board to attend the viewing of two Haglunds after today's meeting. These are emergency rescue vehicles. Chairman Johnson reminded the BOCC that the Sheriff's Department grant was denied and he thought if the BOCC liked them the county should purchase one today.

Commissioner Espy moved to waive the procurement policy and purchase a Haglund from Tracked Outdoors in the amount of approximately \$160,000.00 using American Rescue Plan Funds, if the BOCC likes the Haglund once they see it; he added this will be a county asset under direction of the Sheriff's Department and their control and they will develop an operating policy for the unit. Commissioner Barkhurst seconded and the motion passed unanimously

Ms. Bartlett presented an amendment to the lease with the WY Department of Transportation for the commercial driver's license testing area across from the Fairgrounds and Subgrantee Agreements with the Carbon County Higher Education Center and Memorial Hospital of Carbon County for prevention grant funding.

Commissioner Jones moved to authorize the Chairman's signature on Amendment Five to the Lease Between Wyoming Department of Transportation and Board of Carbon County Commissioners extending the lease through July 31, 2025, with the same fee due of \$1,200.00 per year. Commissioner Espy seconded and the motion passed unanimously.

Commissioner Jones moved to authorize the Chairman's signature on the Carbon County Prevention Project Subgrantee Contracts with Carbon County Higher Education Center in the amount of up to \$21,000 through June 30, 2024, and Memorial Hospital of Carbon County in the amount of up to \$4,000.00 through June 30, 2024, both to provide prevention services under the Prevention grant with the State of Wyoming. Commissioner Jones stated she would like to see all parcels on the list to get them back on the tax rolls. Commissioner Barkhurst stated there is billboard rental agreements on parcels 2, 3, 4, 17 and 19 along Interstate 80 so he would only hesitate on those parcels.

Commissioner Espy moved to award bids for county owned property to the high bidder for each as follows, all in the Skyline Acres Industrial Subdivision First Addition: Parcels 6, 8, 10, 12, 13, 15, 16, 18 and 20, Lots 1-4 and 6-8 Block 8 along with portions of lots 1-4 Block 8 and Lot 4 Block 7 to John Curtis Pell and Veronica Pell in the amount of \$2,600 each; parcel 14, Lot 5 Block 8 to Barbara Linn in the amount of \$3,175.00; and parcel 7, Lot 2 Block 7 to Steve & D’La Shrove in the amount of \$5,000.00 and authorize any commissioner to sign all sales documents for all properties authorized at today’s meeting. Ms. Brugger reported the Dixon Airport lease agreement with Bo Stocks was signed last meeting. She did receive the Federal Aviation Administration determination for the final structure and there was not an objection however the structure will exceed the transitional surface requirement and it must contain red obstruction lighting. She suggested a condition on the building permit with this

requirement. Commissioner Espy suggested the lease agreement contain language such as the lessee must comply with all FAA lighting or other requirements.

Ms. Brugger recently met with a representative of Invenenergy regarding applications for two transmission lines that they will apply for this fall for Rock Creek I and II.
